

Introducing QParents to parents

QParents

Great news: Kepnock State High School will soon be providing our parent community with the opportunity to register for QParents.

The QParents web and mobile application provides parents with secure, online access to their child's student information, including:

- Attendance and absence details, as well as the ability to notify the school of a future absence
- Digital consent forms and managing permissions
- Behaviour information
- Academic report cards
- Class timetables
- Downloading exam timetables and assessment planners
- Viewing unpaid invoice details, payment history, and making payments online
- Viewing and updating personal student details, including medical conditions and address
- Enrolment details
- Upcoming events list showing school events, exam and assessment dates, and excursions.
- Engaging in their child's learning journey.

QParents also provides an efficient and effective way for parents to communicate with the school.

QParents Account Owner

The school will invite parents for each student to be QParents Account Owners (QPAOs). QPAOs will be able to register for QParents to access and manage their child's student information online, and submit update requests.

QPAOs can also invite another person to view a student's information in QParents as a 'Delegated Viewer'. The QPAO nominate which information can be viewed as the delegated viewer cannot make updates.

Registering for QParents

Creating a QParents account involves a 4-step registration process. You will need to have your child's EQ ID (their Education Queensland identification number) in order to complete your QParents registration.

Step 1 - receive an email from no.reply@qparents.qld.edu.au with a unique invitation code and select the link to register

Step 2 – verify your identity with 100 points of ID (this must be done on a computer or laptop)

Step 3 - create a QParents account using an email address

Step 4 – add your child to the account using their student EQ ID

Once your child has been added, a request will be sent to us for final review and approval. This process protects the security of your child's student information.

Identity verification

QParents offers two options for identity verification – online and offline.

For fully online verification (the fastest option), you will need to verify 100 points of the following identity documents:

Australian Passport	50 pts	Australian Marriage Certificate	40 pts
Australian Driver Licence	50 pts	Australian Citizenship Certificate	40 pts
Australian Birth Certificate	50 pts	Change of Name Certificate	40 pts
Medicare Card	20 pts	Australian Visa (foreign passports)	20 pts

If you cannot verify 100 points of the above ID documents online, you may still register for QParents, but you will need to attend the school to verify documentation in person after you have registered online.

Full instructions on how to verify your documents and what you may need to bring to the school will be provided as part of the invitation and registration process.

Student information security

QParents is a secure portal that meets strict industry standards and all student information presented in QParents is surfaced from the [OneSchool](#) system used by Queensland state schools.

Please advise us if you don't want to register for QParents, your account will not be created and your child's information will not be made available through QParents.
