

BPoint Payment Information

BPOINT is an online payment system which provides schools with a secure and efficient method of collecting payments from parents.

BPOINT is the preferred payment method for the Department of Education and Training.

When using BPoint it is extremely important that the correct Customer Reference Number (CRN) is entered to allow for automatic receipting and auto matching.

CRN is 13 digits long and is made up of a 4 digit school code, an 8 digit unique ID and 1 check digit which validates the CRN.

The CRN determines which school receives the funds and also which customer account receives the receipt.

Please ensure you use the right CRN. Failure to do so will result in significant delay in your school bank account receiving the money.

Invoices should be paid **separately** to ensure correct allocation of funds!
