Assessment Validation Policy

January 2016

Standard 1: The RTO's training and assessment strategies and practices are responsive to industry and learner needs and meet the requirements of training packages and VET accredited courses.

Policy Statement

The validation policy is designed to ensure that Kepnock State High School's (KSHS) assessment instruments effectively address the requirements of the qualification including continuous improvement of strategies, resources and staff.

KSHS uses a risk-based approach based on the mode of delivery and changes to training packages to develop the validation plan. The plan details when the validation will occur, which training products will be the focus, who will lead and participate in the validation, how the outcomes will be documented and acted on and saved on the G: Drive.

The validation process determines whether or not the assessment procedures and materials in use are valid, fair, reliable and flexible in their application and are considered to be suitable.

Procedure

Plan for validation

When developing the VET Assessment Validation Plan (located at G:\Curriculum\VET\VET 2016\VET 2016 Standards and Forms\VET Standards management governance\VET Validation Plan 2016), the following are considered:

- Assessment validations meetings are scheduled once every five years for each qualification;
- At least 50% of all qualifications are validated with the first three years;
- The outcome of each validation undertaken is recorded on the Validation Checklist and any further recommendations are raised in the report for action.

Validators

Collectively the persons as validators must have:

- Appropriate vocational competencies
- Current industry skills and knowledge
- An appropriate training and assessment qualification or assessor skill set, and
- Current knowledge and skills in vocational training and learning.

Validation samples

Selecting samples to be validated include the following:

1. Identify and locate a statistical random sample of assessment/assessment tools used for the

qualification/unit;

2. Copy selected assessment tools/evidence/units and checklists for workshop attendees;
3. Assessors complete validation checklist and note decision as 'confirmed/not confirmed'.

Where judgements are 'not confirmed', any required improvements are to be made to assessment processes or materials within 30 days.

Certification and USI Policy

January 2016

Standard 3: The RTO issues, maintains and accepts AQF certification documentation in accordance with these Standards and provides access to learner records.

Policy Statement

KSHS ensures that it adheres to the obligations of issuing and maintaining certification documentation and the obtaining, verification and maintaining of USI numbers in line with the requirements of the National VET Regulator, i.e. the QCAA as delegate for ASQA as outlined in the Australian Quality Framework (AQF).

The school RTO will issue, maintain and accept AQF certification documentation for students.

The school RTO will assist students to apply, apply on behalf of students or verify the student provided USI on the USI website following the procedure. Proof of issue or verification of USI will be kept on the schools G: Drive.

The Principal (as the CEO) of the school RTO is ultimately responsive for ensuring that the school RTO complies with the VQF.

Certification Procedure

To avoid possible delays in issuing certification, Kepnock State High School has processes in place to verify a student's Unique Student Identifier (USI) well in advance of when certification is expected to be issued.

The school RTO is only required to issue AQF certification documentation when a student has completed their program of training and assessment and has a verified USI. The school is not required to issue 'interim' documentation at any time.

Issuing AQF Qualifications

KSHS will include the following information on the testamur, in addition to the requirements of the AQF Qualifications Issuance Policy:

- the name, RTO code and logo of the issuing organisation;
- the code and title of the awarded AQF qualification;

- where relevant, the words, 'achieved through Australian Apprenticeship arrangements'

KSHS will not include the learner's Student Identifier on the testamur consistent with the *Student Identifiers Act 2014*.

The school RTO will:

- retain registers of AQF qualifications they are authorised to issue and have issued;
- retain records of AQF certification documentation issued for a period of 30 years; and
- provide reports of Records of qualifications issued to its VET Regulator on a regular basis as determined by the VET Regulator.
- issue VET certification within 30 calendar days of the student being assessed and meeting the requirements of the program.

Issuing Statements of Attainment

KSHS will include the following information on a statement of attainment:

- the name, RTO Code and logo of the issuing organisation;
- a list of units of competency (or modules where no units of competency exist) showing their full title and the national code for each unit of competency;
- the authorised signatory;
- the NRT Logo;
- the words 'A statement of attainment is issued by a Registered Training Organisation when an individual has completed one or more accredited units';

The following elements are to be included on the statement of attainment as applicable:

- the State/Territory Training Authority logo (only where use of the logo is directed by State/Territory Training Authorities);
- the words 'These competencies form part of [code and title of qualification(s)/course(s)]';
- the words, 'These competencies were attained in completion of [code] course in [full title]'; and

The school RTO must not include the learner's Student Identifier on the statement of attainment consistent with the *Student Identifiers Act 2014*.

The school RTO will:

- maintain registers of all statements of attainments issued;
- retain records of statements of attainment issued for a period of 30 years; and
- provide reports of its records of statements of attainment issued to its VET Regulator on a

regular basis, as determined by the VET Regulator.

Procedure

1. The Senior HUB AO will produce a S1 Transfer form for students who have completed their course, exited the qualification early or left the School. The S1 Transfer form will indicate any completed or partially completed qualifications.
2. Where a student transfers to another school they will be issued with a S1 form and AO will issue a certificate or where required a SOA will be provided to the student.
3. The AO will forward the S1 form to the SDCO who will complete the required qualification and/or SOA.
4. The AO will amend student's file on SDCS to indicate that qualification has been issued by placing a "YES" in the "Certificate Issued" column.
5. The SDCO will produce the qualification and issue directly to the student, via the Teacher, or post to the student if they have left the School as per their address on the S1 form.
6. Details of the issued qualification and/or SOA are placed on the register
G:\Curriculum\VET\VET 2016\VET 2016 Standards and Forms\VET Standards management governance\KSHS AQF Qualifications Issued Register

Credit Transfer Procedure

KSHS will recognise all qualifications issued by any other RTO. The School will seek verification of the certifications from the relevant RTO where there is some ambiguity.

Recognition of Qualifications

- In the first VET class of the year or the first class for new students, as part of the VET student induction process, the teacher shall make students aware that any existing qualifications they possess will be recognised by the School. Trainers and assessors/teachers will remind students of this policy at the beginning of each new term.
- If a student presents a qualification to the teacher, the teacher will take a copy and bring it to the attention of the VET Administration Officer.
- The RTO Manager will verify the authenticity of the qualification if required.
- The verified copy of the qualification will be given to the Data Secretary to enter into SDCS using the "credit transfer" option, and will then place the copy in the student file.
- The AO will advise the Teacher that the student has been given exemption for the units of competency or modules identified in the qualification and will update the student's SDCS records accordingly. The Teacher will advise the student.

Internal Recognition of Qualifications

- KSHS will complete a mapping exercise to identify common units of competency across qualifications on the scope of registration.
- At the beginning of each year, students are identified who are doing courses where there are common units of competency, or have progressed from Certificate I to Certificate II.
- The VET HOD and the trainer and assessor/teacher meet to establish the processes for delivery and ensuring accurate data.
- This process is repeated throughout the year for students who change subjects.

- The information is entered into SDCS using the “credit transfer” option in all instances where the student has already gained the unit of competency (i.e. the student may only once be deemed as competent).

Replacement Qualifications

KSHS will provide replacement copies of issued qualifications to students and past students. Requests for a replacement qualification or statement of attainment (within the 30-year period) are processed as follows:

1. Requests for a replacement qualifications or statements of attainment can be in writing (emails acceptable) or via telephone from the student or past student of the School.
2. The request will be forwarded to the Senior HUB AO.
3. The VET AO will re-issue replacement qualifications and statements of attainment as per the original details in the register. Note: There is no cost for replacement copies.
4. The replacement qualification will identify that it is a re-issued version and will include follow the template requirements listed above.
5. The replacement qualification will be issued within 14 working days of receipt of written/verbal request.

USI Procedure

KSHS will:

- assist students to apply for a Unique Student Identifier (USI) from the Student Identifiers Registrar (as defined in that legislation); and
- the Student Identifiers Registrar will verify USI numbers supplied by the student prior to using.

Collecting and Verifying Existing USI Numbers

Collect the USI

The process to collect a USI from a student who has created their own USI is as follows:

Ask the student for their:

- USI number
- First and last name
- Date of birth

The student details MUST match the details shown on the form of ID used to create a USI.

Verify the USI

The VET AO will verify that the USI provided is correct through the USI website.

Report the USI

Once the USI is verified as valid, the school RTO will then use this USI when reporting to the National Data Collection. The USI number will be provided to the SDCO to be uploaded to SLIMS and One School.

Copy the Verification

When the verification is matched, the AO will record on G:\Curriculum\VET\VET 2016\USI 2015 2016

Data Management

USI numbers are collected and stored for uploading into SLIMS for final VET data reporting to QCAA.

In the event of losing the specialist trainer, and the RTO being unable to obtain a suitable replacement or 3rd party school will not be able to continue delivery, the school RTO will, if possible, arrange for agreed training and assessment to be completed through another RTO. (Fees may be incurred.) Prior to the transfer to another RTO, affected students will be formally notified of the arrangements, and an agreement to those arrangements, including any refund of fees, will be obtained. If transfer is not possible, the RTO will gain a written agreement for a subject/course transfer from the student and parent.

Systematic Monitoring and Evaluation Policy

January 2016

Standard 2: The operations of the RTO are quality assured.

Policy Statement

KSHS ensures quality development, implementation, monitoring and evaluation of training and assessment strategies and practices that meet training packages and VET accredited course requirements.

The RTO is ultimately responsible for ensuring quality training and assessment within their organisation and scope of registration, regardless of any third party arrangements where training and/or assessment is delivered on their behalf. This includes where the RTO subcontracts the delivery of services to a third party and the third party further subcontracts the delivery of services, but the AQF certification documentation will be issued by the RTO. The RTO must have a written agreement with any party that delivers services on its behalf.

Evaluating information about performance and using such information to inform quality assurance of services and improve training and assessment is sound business and educational practice. The information used to evaluate RTO performance must be relevant to the operating characteristics and business objectives of the RTO and will vary from one RTO to another.

Procedure

To be compliant with Standard 2 the RTO must meet the following:

- 2.1. The RTO ensures it complies with these Standards at all times, including where services are being delivered on its behalf. This applies to all operations of a RTO within its scope of registration.
- 2.2. The RTO:
 - a) systematically monitors the RTO's training and assessment strategies and practices to ensure ongoing compliance with Standard 1; and
 - b) systematically evaluates and uses the outcomes of the evaluations to continually improve the RTO's training and assessment strategies and practices. Evaluation information includes but is not limited to quality/performance indicator data collected under Clause 7.5, validation outcomes, industry engagement outcomes, client, trainer and assessor feedback and complaints and appeals.
- 2.3. The RTO ensures that where services are provided on its behalf by a third party the provision of those services is the subject of a written agreement.
- 2.4. The RTO has sufficient strategies and resources to systematically monitor any services delivered on its behalf, and uses these to ensure that the services delivered comply with these Standards at all times.

Third Party Arrangements Policy

January 2016

Standard 2: The operations of the RTO are quality assured.

Standard 8: The RTO cooperates with the VET Regulator at all times and is legally compliant at all times.

- A documented agreement is in place with each school. The agreement describes the responsibilities of each school and the management strategies to be followed, including monitoring arrangements.

Training and Assessment Policy

January 2016

Standard 1: The RTO's training and assessment strategies and practices are responsive to industry and learner needs and meet the requirements of training packages and VET accredited courses

Policy Statement

KSHS ensures training and assessment is developed in consultation with industry and will be validated through the internal review procedures and validation. These strategies will reflect the requirements of the relevant Training Package and enable each student to meet the requirements.

The school has access to the staff, facilities, equipment, training and assessment materials required to provide the training and/or assessment services within its scope of registration and scale of operations, to accommodate client numbers, client needs, delivery methods and assessment

requirements.

Recognition of prior learning (RPL) is the process used to assess individuals' existing level of knowledge and skills against individual or multiple units of competencies. Students are provided with the School's RPL policy prior to enrolment in SDCS. They are made aware of the RPL application form. As part of their student induction, the process and types of evidence that can be used to support RPL applications is provided to them. RPL applications will only be considered if the School's RPL application form is used. RPL applications must be submitted to the teacher of the qualification in the first instance.

Assessment Procedure

In developing the assessment (including RPL) for each qualification, the school will ensure:

- compliance with assessment guidelines from relevant Training Package or accredited course
- assessment leads to a qualification or statement of attainment under the AQF
- assessment complies with the principles of competency-based assessment (i.e. assessment is valid, reliable, flexible and fair) and informs student of the context and purpose of assessment
- the rules of evidence (valid, sufficient, current and authentic) guide the collection of evidence to support the principles of validity and reliability.
- there is a focus on the application of knowledge and skills to the standard expected in the workplace, including skills for managing work tasks, contingencies and the job environment (e.g. dress, communicating with supervisors, etc.)
- timely and appropriate feedback is given to students
- assessment complies with the school's access and equity policy.

Student Selection, Enrolment and Induction Procedure

Student Selection and Enrolment Procedures

Trainers and Assessors/Teachers will ensure that all students complete and sign the VET Student Induction Checklist. Completed checklists are filed in RTO Managers office. All students have access to reassessment on appeal.

RPL Procedure

Students with an application for RPL have access to the following procedures:

- The KSHS RPL application form must be used.
- All applications for RPL go to the teacher of the qualification in the first instance. Students will need to provide sufficient documented evidence to support their claim for recognition to their teacher e.g. resume, certificates, photos, references from supervisors, performance reviews or job descriptions.
- The RPL and its outcome will be recorded in writing in the RPL register. Trainers and assessors/teachers dealing with the RPL application will provide feedback throughout the process to the student.
- The teacher responsible for the delivery of the qualification will review the evidence provided by the student and give a written and verbal response (within 10 days of receipt of the evidence) to the student regarding whether the evidence is suitable for RPL.
- The teacher handling the RPL application will develop and assess any alternative methods of assessment required as a result of an RPL application. The student may be asked to complete practical demonstrations of their skills to support their application for RPL. Assessment methods should be fair and flexible and reflective of assessment tasks delivered as part of the training and assessment strategy.
- The teacher will update the student records if RPL is granted, following consultation with RTO Manager.
- The student will be made aware of any gaps in training as a result of the review of their application evidence.
- The student will be also made aware of the appeals procedure if they are not satisfied with the decision on their RPL application.

- The appeal review will be conducted within 15 days of receipt of the RPL appeal form.
- The RTO Manager will forward the original RPL application and the findings of the re-assessment to the Principal to make the final decision.
- The outcome of the RPL appeal will be made available to the student.

KSHS recognises AQF qualifications and statements of attainment issued by any other RTO and has a separate policy and procedure regarding the credit transfer process for this, as outlined in the Recognition of Qualifications Issued by Other RTOs Policy.

Transition to Training Packages/Expiry of Accredited Courses Procedure

KSHS manages the transition from superseded training packages within 12 months of their publication on the National Training Information Service, and transition from superseded accredited courses, so that it delivers only currently endorsed training packages or accredited courses.

It is the responsibility of each vocational training area within the School to plan for the transition to new/revised training packages as they are endorsed. Each vocational training area must inform the RTO Manager of new qualifications and units, where required. The RTO Manager will approve the new qualification and units and with the assistance of the VET AO, complete the RTO2 application and send to the registering body.

Where possible, students in existing/expiring courses/qualifications will be “transitioned” to the new versions of those qualifications.

When this is not possible, no new students will be enrolled in the expiring qualification after 12 months from the publication date of the new training package. A six-month “teach out” for expiring qualifications is available for continuing students.

Generally, the next cohort of students enrolling in the qualification after the training package publication date will enrol in the new training package qualifications.

Work Experience and Placement Procedure

Students may undertake different types of unpaid work experience, including sampling, work

shadowing, research work experience and structured work placement. At all times, the educational value of the program for any student should be the prime consideration.

The VET Manager is responsible for ensuring that:

- Work experience (WEX) is no longer than 30 days a year, except for students with a disability.
- Written consent to the arrangement is obtained from the student's parents on the WEX.

The student is required to:

- Sight all forms about work experience placements.
- Coordinate and work with the Pathways Office to organise the placement.
- Maintain a record of tasks demonstrated on the job.
- Attend all work placements as per the contract.

WEX should be undertaken to suit the availability of work sites and students availability through negotiation with the teacher, employer, and Pathways.

Trainers and Assessors Policy

January 2016

Standard 1; The RTO's training and assessment strategies and practices are responsive to industry and learner needs and meet the requirements of training packages and VET accredited courses.

Policy Statement

Trainers and assessors must be qualified, inducted, keep regular records and be given the opportunity for industry engagement and professional development to maintain currency and competency. Trainers without appropriate training and assessment qualifications work under the supervision of a qualified trainer and assessor for the delivery of the qualification, as outlined in AQF publications.

- KSHS will ensure any advertising for VET trainers and assessors clearly outlines the position description and only recruit and timetable trainers who meet the requirements of the AQF

Essential Conditions and Standards for Continuing Registration.

- In the event of losing the specialist trainer, and the RTO being unable to obtain a suitable replacement, KSHS will, if possible, arrange for agreed training and assessment to be completed through another RTO. (Fees may be incurred.) Prior to the transfer to another RTO, affected students will be formally notified of the arrangements, and an agreement to those arrangements, including any refund of fees, will be obtained. If transfer is not possible, the RTO will gain a written agreement for a subject/course transfer from the student and parent.
- All trainers and assessors must have completed a minimum of TAE40110 Certificate IV in Training and Assessment or its successor, vocational competencies, relevant current industry skills, current knowledge and skills in vocational training and learning.

- The RTO Manager will scan copies of qualifications and save at [https:// G:\Curriculum\VET\VET 2016\Staff Profiles and Certificates](https://G:\Curriculum\VET\VET 2016\Staff Profiles and Certificates) where all staff profiles and certificates will be stored along with other relevant documentation.
- Where trainers and assessors gain additional qualifications related to their industry area, they must provide that information to the RTO Manager
- Trainers and assessors must complete and maintain current records of their qualifications.
- Trainers and assessors must complete and maintain their Kepnock State High School currency documents (or staff profile or other school approved format). These documents should be updated at least twice a year and should be saved at [https:// G:\Curriculum\VET\VET 2016\Staff Profiles and Certificates](https://G:\Curriculum\VET\VET 2016\Staff Profiles and Certificates)

Trainer and Assessor Continuous Development of Competencies Procedure

Trainers and assessors are required to:

- Complete and maintain their KSHS staff profile outlining their own vocational qualifications, training and assessment qualifications and currency activities in their industry area, as well as VET and training and assessment.
- Review their own currency activities related to training and assessment and vocational currency, and, through their Curriculum Leader, ask for professional development activities to enable up-skilling and maintenance of both vocational and training and assessment currency.
- Follow KSHS's professional development requirements when applying for all professional development activities, including those related to VET.
- Identify how industry placement will be of benefit to themselves and their teaching through the mapping of competencies on a Professional Development Plan.

Whilst there is no prescription as to how trainers and assessors must maintain their currency in industry skills, each trainer will be allocated the following as a minimum dependent on teacher area/s:

- **Validation** – participate in the validation plan and process as required
- **Industry placement** – is scheduled by individual teachers that are convenient throughout the year. Evidence to be forwarded to the RTO Manager. Additional time required can be negotiated with administration for teaching time off to attend to industry placement.
- **Other industry currency/engagement** – excursions, expos, professional developments, conferences, conversations with other professionals/industry, professional publications, being on site for a students structured workplace learning may be used to meet currency.

On the completion of the placement, each trainer is to update their Staff Profile and share expertise and experience with other teachers or administrators in the School.

Trainer and Assessor Supervision & Assessment Arrangements Procedure
