

# GERMAN (GER) – Year 10

## Subject Outline:

The year 10 German course is an exciting program, which integrates study of the Tourism Industry, with German language. This concept was awarded a Languages Innovations Grant in 2016, and builds on learning from Year 9 German and will prepare students for senior schooling in this subject.

Future employment opportunities and skills shortages within the Tourism sector has prompted the Year 10 German program to evolve into the KLIP Program (Kepnock Languages Integrated Program). Students have the opportunity to learn how languages can be applied practically within our region, state and country within the tourism employment sector.

## Course Content:

The KLIP program in Year 10 focuses on the following themes:

Topic	Description
My Region	Local Tourist Attractions Giving and Following Directions Familiarisation Tours and Guiding
Job Opportunities	Travel and Tourism Future Employment
International Destinations	Other countries Travelling Through Germany

## Assessment Outline:

Students move on from regular and consistent Folio Assessment in Junior, to integrated assessment, using multi-modal assessment instruments and cognitive strategies in preparation for Senior Schooling.

## Learning Pathways:

Year 11/12 Subject	General/Applied/Other	Potential QCE Points	Recommended
German	General	4	Sound Achievement in 10 German

## Career Pathways:
